Listing of Claims:

Claims 1-34 (canceled)

35. (Currently amended) A method of removing a chemical pollutant comprising a step of forming an intermediate in the production of a carbonaceous mixture that comprises carbon nanotubes and expanded graphite, wherein the carbon nanotubes further comprise at least one of a C₁, C₂, C₃, C₄, and C₅ radical, and wherein the intermediate comprises a carbonaceous feedstock and at least one compound according to the general formula MXO_n, wherein M is selected from the group consisting of H, NH₄, Na, and K, wherein X is selected from the group consisting of Cl, Br, and I, and wherein n is an integer between 1 and 4, inclusive; a step of forming the carbonaceous mixture from the intermediate; and further comprising a step of using contacting the carbonaceous material with the pollutant to thereby remove the pollutant.
36. (previously presented) The method of claim 35 wherein the nanotubes in the carbonaceous mixture are present in an amount of at least 10%.
37. (previously presented) The method of claim 35 wherein the nanotubes have a size of between 1 nm to 10 nm.
38. (previously presented) The method of claim 35 wherein the nanotubes further comprise a carbon radical having a hexagonal ring structure comprising at least one of a C₁, C₂, C₃, C₄, and C₅ radical.
39. (previously presented) The method of claim 35 wherein the carbonaceous feedstock and the at least one compound are present in an amount of 2:1.
40. (previously presented) The method of claim 35 wherein the carbonaceous feedstock comprises graphite flakes or graphite powder.
41. (previously presented) The method of claim 35 wherein M is H.

42. (previously presented) The method of claim 35 wherein M is NH_4 .
43. (previously presented) The method of claim 35 wherein M is Na.
44. (previously presented) The method of claim 35 wherein M is K.
45. (previously presented) The method of claim 35 wherein X is Cl.
46. (previously presented) The method of claim 35 wherein X is Br.
47. (previously presented) The method of claim 35 wherein X is I.
48. (previously presented) The method of claim 35 wherein n is 1.
49. (previously presented) The method of claim 35 wherein n is 2.
50. (previously presented) The method of claim 35 wherein n is 3.
51. (previously presented) The method of claim 35 wherein n is 4.
